Dear Sir/Madam

**Grovelands Park improvements proposals**

I would like to invite you to a discussion meeting for the Council to inform you of the Council's outline proposals to invest and redevelop the park.

The Council has started a commissioning process to appoint external consultants to undertake an historic parks survey and to develop a management plan for the park, which will be used to develop options both in terms of introducing a two form entry primary school and improving the current sporting facilities. The Council also wants to explore opening up the park including the land currently owned by Thames Water.

I must point out this is a very early stage of the process but the Council believes that this is the ideal time to talk to local residents and key stakeholders.

The meeting will take place in the **Public Restaurant at Southgate College on Thursday, 18th July at 4.00 pm.**

I look forward to seeing you there.

Yours faithfully

**Gary Barnes**  
**Assistant Director, Regeneration, Leisure & Libraries**
