St George's Road			471	366				
The Mall			2087	1752				
The Ridgeway								
Ulleswater Road			424	582				

The information in the table above shows origin and destination data collected over a 12-hour period.

The roads with greyed out cells are not entry roads to the area and therefore do not have volume data as yet.

The baseline speed data columns are currently empty. There is existing speed data for some of the roads but not all, and data has been collected in different years. Due to this, new speed surveys will be carried out prior to commencing work to give baseline speed data. We will update this table when we have collected with the data.

The columns titled '6 Month Post Construction' will be completed once data has been recorded and obtained by Cycle Enfield six months post implementation of the scheme.
